

## Town Meeting

11-6-14

### TOWN MEETING

11/6/14

#### Precursors

- · SAB - none
- · Staff meeting - none

#### Announcements

- · Reminder to bring Unicef donations to the library.
- · Frank reminded all that today is picture day and students need to be photographed for their ids.

#### Consent Items - none

#### Motions - none

#### Discussion

- · Winter break dates were listed on agenda, but no one was present to speak about it.
- · Casey spoke about ongoing CIP discussions. At last night's meeting, architectural proposals were shown that included roof-top athletic fields along with charts detailing cost estimates for different building proposals. VDOT has now given approval for a Lee Hwy access route for busses for any new building on our current site. All plans for H-B's future include a 10% size increase which Casey believes is a conservative estimate. Frank said that this number includes our HILT program which should stay capped at about 85 students. An H-B parent community meeting will take place here on Saturday afternoon to continue discussion about best strategies going forward.
- · Motion to adjourn interrupted by Liz's announcement that Casey Robinson had successfully defended her doctoral dissertation yesterday and should now, and forever more, be addressed as Dr. Robinson. This announcement was followed by a well-deserved standing ovation for Casey.

Chair: Margaret G

Secretary: Margaret S
