This Junetime will include watching some episodes of the iconic show, working on related crafts, a bit of cooking, and visits to locations in our area that remind us of Stars Hollow. The group will decide if we will focus on the "classics" (the original 7 seasons), last year's Netflix mini-series, or a mix of the two. Prior-Gilmore-Girls-Fandom is not required! :) **Courtney, FULL DAY**

**3. Beauty Around Us.** *Would our lives be calmer and less harried if we could turn bitterness into beauty, or replace invective with intelligence?--Jane Austen* Should you care to join Francisca and Patti for three days in the countryside and local gardens, bring your lunch, a book or sketchpad, and a picnic blanket. This Junetime will explore the beauty around us without fanfare or intensity. **Francisca & Patti, FULL DAY**

To join this Junetime you must be an experienced bike rider who is comfortable with long-distance bike rides! Mountain or road bike required. **Jay, FULL DAY**

**5. Chill, Dream, and Create.** Whether you prefer drawing or writing, all creative artists need time to daydream. In this Junetime we will divide our time between allowing our minds to wander and using pen, paper, and pencil to record our creative thoughts with images or words. Faylinda, Gabby, George and Junetime members will begin the day by sharing sources of creative inspiration including music, books, imagery, short readings, and videos. Participants will take a neighborhood walk or two (depending on the weather) for inspiration and ice cream. Bring your own sketch book or journal (or buy one from Faylinda for \$10.00) and see where inspiration takes you. **Faylinda, George & Gabby, FULL DAY**

**6. Choose your Side:** D.C. or Marvel? Superhero or Supervillain? If watching Superhero movies and / or debating the virtues of your favorite villains are things you enjoy or if you're just intrigued to begin learning about this crazy world of superheroes, then this is the Junetime for you. We will explore comics, film, superhero inspired treats (think cupcakes) and more. With great power comes great responsibility-- here's your opportunity to discover your superpower! **Anne & Stefan, FULL DAY**

**7. Civil Rights and the First Amendment – Highlights from the Struggle.** History Buffs: learn about heroes and milestone events from the Civil Rights movement and understand how the media and professional journalism are essential to remembering and continuing the struggle against segregation and discrimination. Our days will include trips into DC where we'll enjoy a workshop or two from the Newseum. As a group, we'll select additional activities—possibly a movie day here at HBW, visits to the Museum of African American History and Culture, the Holocaust Museum, as well as the Supreme Court and exhibitions at the Smithsonian Art Museum. We'll highlight recommended readings, and provide historical context to viewing Hollywood's, novelists' and artists' interpretations (and sometimes misrepresentations) of key events. Movies and popcorn? Of course! (Note: this class can be helpful to 10th grade students who are considering a Civil Rights topic for their 11th grade Primary Source paper.) **Maggie, FULL DAY**

**8. Culture Shock!** This can be a tremendously positive, exciting and liberating experience for you. Join us as we learn about some different cultures, explore new ideas, and think differently. We'll explore social issues and immerse ourselves in learning about how fashion, education, entertainment, and even food is defined in different cultures. In the end we'll reflect on ways we can let go of our biases and accept each other despite the difference in color and race. **Nekya, FULL DAY**

**9. Cuppa Joe and a Good Read: Independent Coffee Shops and Bookstores.** If you love the scene of eclectic shops, enjoy the perfect hot chocolate or latte, and love to hunker down and peruse reading material, join us! We will journey to three independent coffee shops and three independent bookstores to find the best. You provide the conversation over coffee and reading, we provide the venues. This chill Junetime includes learning about the coffee roasting process, comparing java from various places, and finding the bookstore that speaks to us. **Jeff, Kristen, and Reina, FULL DAY**

We will explore this question by first viewing the cinematic masterpiece that is The Big Lebowski, and then discuss. What are the merits of the Dude's lifestyle? What are the natural consequences? Is it possible to be a Dude in Arlington? While we watch and discuss, we can enjoy White Russians (coffee and cream), and I've got a rug that really ties the room together. On the second day, we will balance out the hedonism and debauchery by being respectable and responsible young adults. We will either volunteer beautifying a local park or assisting at an animal shelter. That's the real yin to the yang, man. The third day ain't Shabbas, so we're gonna roll! We will hit the bowling alley to partake in one of the Dude's most favorite activities and really get a feel for the lifestyle. I've got some Creedence tapes for the car ride.
