

## Town Meeting

1/28/20

Chair:

Co-chair:

Secretary:

### **Precursors:**

SAB: Meeting first week of upcoming month

HIVE: Letter sent out to each TA about where their students are for Fab Fest

Staff Meeting: Meeting tomorrow

Class Meetings: None

### **Announcements:**

On Thursday school play Joseph goes up!  
Clip on Hbw twitter, tickets sold at Lobby desk during lunchtime, 6th-grade special

1601 Wilson Blvd  
Arlington, VA 22209  
United States

Online tickets cost 8.60, adult 16.20, 5  
students 10 adults at lunchtime

Saturday mornings Shriver Unified Special  
basketball team, watch/support Shriver and  
HB Students 9a

Next Monday, Feb 3rd, go to TA for Course  
Request forms

**Motions:**

Un sustainability groups

UN sustainability goals flag, want to hang it  
in building, find location/check allowance

Flag is large, white, standard size, panels  
with different goals, they are grabbing it to  
show

Sustainability goals and symbols are both  
positive, end of Eighth grade hallway (red)

1601 Wilson Blvd  
Arlington, VA 22209  
United States

Does Green Club want it publicly visible or just for H-B students?

H-B Students priority

Work to include Shriver Program

Motion is whether we should/can hang it, and to gather ideas on location

Display to public?

Might be difficult to read from far away or from behind

Put it in front of TV, near elevator

Goal of flag hanging is to promote these goals for our school, some environmental focused others more internationally focused

Adjust Fabfest Schedule, currently, Tuesday is B before Feb fest, motion to cancel E or F instead of B to balance classes

1601 Wilson Blvd  
Arlington, VA 22209  
United States

How to add B without affecting teachers, no longer has an effect

Friendly amendment to take 10 minutes from beginning of fab fest period-accepted

Not fair to take time away from teachers after theyve finished planning, take away activity, majority of teachers already use the full time

Second from student teacher of fab fest

All classes are important, teachers usually overplan lessons, never had a group who didn't run out of material to teach, as a sponsor always had to fill in, and always kids running around with nothing to do

Don't see 10 minutes making a big difference

Previous discussion as to whether it should be shorter or longer, recall it was previously set to be longer

1601 Wilson Blvd  
Arlington, VA 22209  
United States

Why are we re-challenging the same topic?  
Remember that this was already decided,  
would require 2/3 majority

Majority of currently attending fab fest  
teachers are maybe more  
prepared/responsible than the general  
population, shown in previous years that  
sometimes time isn't filled, accept balance  
Student teacher taught feb fest last year and  
filled time, time spent at a short fabfest  
more valuable than all-year classes

Withdraws friendly amendment, splits  
motion

Motion restate: adjust current feb fest  
schedule to replace canceling B block with  
canceling E block

1601 Wilson Blvd  
 Arlington, VA 22209  
 United States

**FAB FEST SCHEDULE FEBRUARY 11-12, 2020**  
**TUESDAY WEDNESDAY**

9:24 to 9:50	B	A
9:50 to 11:50	FAB FEST <small>(cancel TM &amp; D)</small>	FAB FEST <small>(cancel B &amp; C)</small>
11:50 to 12:25	LUNCH	LUNCH
12:25 to 1:10	E	B
1:15 to 2:00	F	F
2:00 to 2:25	TA	I
2:25 to 3:10	G	G
	<b>SPORTS BUS</b>	
3:15 to 4:06	H	H

1601 Wilson Blvd  
Arlington, VA 22209  
United States

Motion to add 10 minutes to beginning of  
fab fest

Student teachers feel cheated by loss of time  
too late, maybe change is for the better, but  
too late, student teachers would feel  
cheated by loss of time so late after  
planning time

Benefit of feb fest is that kids enjoy  
attendance, then they can use lunchtime for  
that, classes running out of the opportunity  
Nothing about a process going through  
town meeting that is behind anyone's back,  
teaching requires flexibility, ok for students  
who are experiencing aspects of teaching,  
asked to be minorly flexible weeks in  
advance

Teachers required to attend planning  
meeting, learned for how to plan for

finishing early, all teachers should be prepared for an early finish

This morning second meeting with student teachers, they have planned it down to minute and overtime, hate to take away 20 minutes of their plan, maybe it doesn't go perfectly but that's how it goes sometimes, Propose a friendly amendment for 5 minutes instead of 10, amendment accepted Lunch time not good for going into, even if time is flexible classes would still mourn loss of time, compared to gaining b block/losing e block

Changes have already been made, teachers might be unhappy to lose time in lesson, teachers think about losing time in their lesson,

**Discussions:**
