Turkey Parade/Schedule - Eleanor

- 2 years ago we did a parade the day before Thanksgiving break
- That is usually also our Turkey bowl day
- We built floats and wore class activities
- The fire trucks lead us down the street
- Friendly amendment that we wouldn't have town meeting or d block, we would then have a double activity block to incorporate the parade into this
- We miss lots of days in November, could we miss a b instead of a d block?
- We'll start the day with d and cancel b
- Eleanor can count and check and the schedule can be further reformed
- The previous weeks TAs would be dedicated to float building
- For the parade some grades dressed as part of their float, whatever your grade theme is

- Clubs can also be part of the parade with floats
- We should invite Schriver friends to the parade to either participate or to watch it

Motion Passes

Teacher Rap Battle - Ivo

- A proposed teacher rap battle every year
- Any teacher can participate
- Students wouldn't participate in it
- Championship
- It can't be mandatory

- Some teachers have already said they would do it if a motioned passed
- What will the teachers rap about? - whatever they wanted
- The language teachers would have to rap about what they wanted
- This would be in the auditorium on the stage
- The students would vote
- Friendly amendment to make a committee to set everything in stone and to create a solid plan
- The amendment was accepted
- This year we just do it at the end of the year?
- When will the committee meet? - probably I block or lunch
- There would be a theme
- Motion passes

Discussions:

Elevator use -

- There was an incident last week when people who had to use the elevator couldn't use it because people who didn't have to use the elevator were using it
- How can we be more respectful about our elevator use
- If people could be really intentional about their use
- Maybe not set rules, but try to let people be more thoughtful
- Grant - we should have a limit on the number of people who can use the elevator
- Ann - Be respectful, leave the elevators for people who need it more, some people need to use the elevator more quickly than others, do the right thing and get off the elevator for those who need it more
- We could split up on the elevators
- Katrina - some people look fine, but have medical conditions that can't be seen
- Kate - how many floors are you climbing? Do we have a set number of floors that are okay? How many floors are okay for the elevator use?
- If you're going up five floors is it okay to use the elevator?
- Hang - lots of people don't have the time management - students should be mindful of the time

The two discussions are tabled for next time
